### **QUICKFOLD® MOVABLE WALL**

Movable Wall are used extensively in large rooms to partition the space for maximize space utilization, revenue potential and sound control. They are interlocking flat panels that are attached to an overhead track to move and reconfigure. Movable Wall is a system of individual solid or glazed panels that can be moved independently from each other which when fitted together end to end form a continuous flat wall. Movable Wall panels are designed to be easily maneuvered and operated. If your partition needs include proven field performance and durability combined with competitive price point, Ava Konstrukt's QUICKFOLD® MOVABLE WALL is your best option. We provide design assistance to owners, design professionals and contractors to be sure that the right movable wall system is installed in your facility. We listen to your goals and make recommendations to reduce initial and ongoing maintenance cost, to maximize room divider flexibility and control sound transmission. We service all Movable Walls, room dividers and acoustical divider partitions.

**CREATING FLEXIBLE SPACE**

## QUICKFOLD 100

**QUICKFOLD® 100** is critical to the effective use of space in hotels, events places, civic halls, and other commercial facilities. Purpose-made panels can be manufactured to clients' specific requirements, offering total space flexibility, long-lasting use, and high standards of Finishes, sound reduction, and durability. The purpose of this Movable Wall is to serve the same purpose of separating a room in a way that creates a lasting impression about a space. Movable Walls have such a huge impact on the look, feel, and acoustic control in the spaces they divide. If your partition needs include proven field performance and durability combined with a competitive price point, Ava Konstrukt's QUICKFOLD® 100 series is your best option.

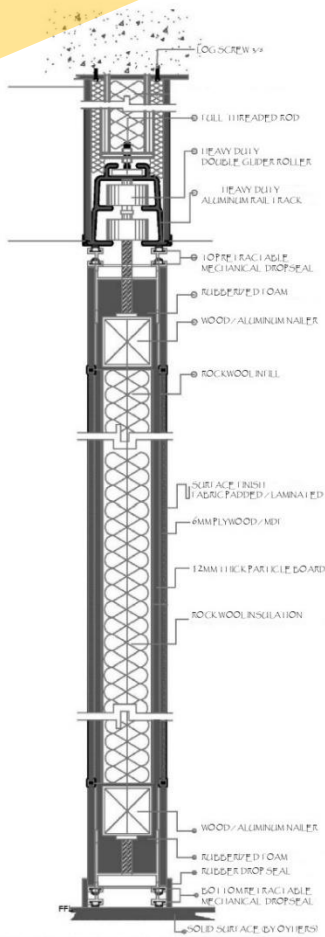

## QUICKFOLD 62

**QUICKFOLD® 62** is a top hung movable wall of lighter construction made up of individual panels designed to give lasting use in the division of space requiring flexibility. This series is ideal for use in classrooms, meeting rooms and offices. The purpose of this Movable Wall is to serve the same purpose of separating a room in a way that creates a lasting impression about a space. Panels can be finished in full range of veneers and laminates, fabric, graphite, or any compatible preferred finish to suit clients' requirements.
